FAX: 662-256-6302

"If our students can't learn the way we teach, then we will teach the way they learn"

August 10, 2009

Please allow me to personally welcome you to the newly revised Amory School District webpage, as well as the 2009-2010 school year. I hope you find the changes to be helpful and provide you with the resources necessary to stay connected with our school district.

Our website will now include a superintendent's letter. I envision the letter as a means to highlight the successes, people, and activities that make our district a great place to learn and work. I will update this periodically to ensure all of our stakeholders are current with the "news" of Amory School District.

Parents/Guardians, I encourage you to actively be involved in your student's academic progress. Please visit this website and periodically review the students' handbook for important dates and deadlines. Additionally, you may view your child's grades through Active Parent. Please share with us your suggestions for ways to improve our website so that it meets your needs as a parent.

I want to conclude my first update by further expressing my excitement surrounding the upcoming school year. Our first week was a success due to our administrators, teachers and staff members that have been spent numerous hours over the summer to prepare for this school year.

If you have any comments or suggestions regarding the revised website, please e-mail us at ssmith2@amory.k12.ms.us.

Sincerely,

Gearl Loden, Ph. D.
